Production Notes

The 2023 Cabernet Franc is composed predominantly of three high-altitude vineyard sites in our estate. Each lot was destemmed, inoculated with selected yeast, then pumped over twice a day until reaching 5 Brix. This was then lowered to once per day until dry. After pressing, the wines were racked into 85% French oak and 15% American oak barrels for 15 months. Toward the end of aging, the wines were put through a rigorous blending process to determine our ideal final blend.

Bottled 6/17/2025. 800 cases produced.

Tasting Notes

This Cabernet Franc exhibits all of the qualities we desire from its intense initial cedar aroma backed by a nice black currant finish to its smooth taste that lightly coats the palate with bell pepper spice and a touch of minerality. A lasting fruity preserve flavor complements any classic meat and vegetable dish.
