**WINEMAKING NOTES:**

This sweet 100% blood orange wine is infused with juniper berry extract, creating a fragrant and citrusy fruit libation. The tasting profile of blood orange, a slightly sweeter and less acidic variety than most citrus fruits, perfectly suits this bold and earthy wine. Even with moderate levels of residual sugar, Orange Juniper drinks semi-sweet thanks to the spiced evergreen notes from the juniper berries. Beautifully orange-gold in color, this Z Labs release is for the gin lovers!
